Our Company

Aspire Analytica company based in Cairo that is a scientific and laboratory equipment supply company founded in Maadi by a group of high experienced team in biotechnology and Laboratory solutions for more than 15 years. Since our inception, we have been committed to delivering high-quality laboratory equipment and reagents to the territory of Egyptian market.

We partner with leading international providers of innovative lab technologies to ensure that we offer the latest and most advanced solutions to our clients. We take pride in being able to serve different market segments, providing both academic research and applied

testing solutions, mostly for the Food and Feed sector. Our lab solutions cover a wide range of fields, including Dairy, Grains and Milling, Feed and Forage, Meat, Water testing as well as food and pharmaceutical production process control. At Aspire, we focus on activities that contribute to the improvement of Animal health, includ-

ing Microbiology and Molecular Genetics Testing. Our team of experts is committed to providing personalized and efficient services to each of our clients. We believe in the potential of biotechnology to transform healthcare, and we're committed to being at the forefront of that transformation.

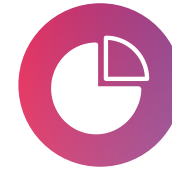

Our Services

Aspire Analytics provides lab solutions as a reseller in various fields such as Environmental, agriculture as well as food and pharmaceutical production.

We have well-trained application specialists to fully support customers.

We have outstanding after-sales services; our technical support team is always happy to help through physical visits and remote support.

Aspire Analytica serves more than one sector with the help of its partnership with international brands.

Our Mission

To delight our customers by exceeding their expectations, aiming for the highest customer satisfaction and retention by providing the innovative laboratory solutions supported by superior digital services to contribute the quality of Food and Feed products by enabling our customers to make our community in Egypt healthier. To create continuous, sustainable shareholder value and to be the employer of choice in our industry because Aspire Analytica is a company based on knowledge and employees working in collaboration to expand our territory to be the whole of Egypt.

Our Vision

To be the leading provider of Food and feed Products in Egypt and to be in every single laboratory.
